Attention : Jute Growers

**Construction of Retting Tanks Under Mini Mission III
Of Jute Technology Mission**

Proposals are invited from interested Jute Growers for construction of retting tanks in the jute fields under the above scheme approved by Government of India.

The different sizes of the retting tanks (like **a.** 100m x 25m x 1.7 m; **b.** 6m x 4m x 1m; **c.** 3m x 3m x 1m; **d.** 40ft x 20 ft x 6 ft etc.) suitable for retting can be constructed with provision of shallow pump. The total cost per retting tank can be upto Rs.10 Lacs wherein 90 % of cost shall be provided by the Central Govt. through JCI and balance 10% shall be borne by concerned growers. The jute growers /other beneficiaries has to provide land in or near jute fields for these retting tanks and allow for demonstration of new retting technologies developed by various research institutes to improve quality of their raw jute .

Interested jute growers who have their jute fields can contact or apply to above address or to any of JCI's DPCs /Regional Offices of all Jute Growing States.

Jute growers of all jute growing states are requested to take advantage of this scheme to improve jute quality.
